PROFESSIONAL EXPERIENCE
Flatirons, Inc., Boulder, CO   June 2022-Present
Project Manager
- Research potential projects, clients, estimated and managed budgets for multiple projects
- Work to solve challenging problems such as boundary solutions for properties and special client-specific requests
- Communicated with direct supervisor on daily basis to ensure field crews had necessary information to complete work on time
- Train new employees
- First point of contact with clients, communicating daily to establish and maintain a satisfactory working relationship

Ware Malcomb, Denver, CO   January 2021-May 2022
Lead CAD Designer
- Prepared design documents and land survey reports
- Managed, processed, and delivered large spatial data sets
- Worked within a small growing team where communication, responsibility, and willingness to learn is emphasized
- Undertook the responsibility to research and learn of ways to improve and simplify efficacy of work, such as initializing the idea of centralizing the company's project database on a website
- Applied Python, JavaScript and HTML/CSS to help write the code to creating the aforementioned project database
- Learned about how AutoCAD Civil 3D templates are created and created a list of new data collector codes, so that Ware Malcomb surveying can retire their 2010 templates and code set
- Designed numerous block references so that our surveys and design documents are up to 2022 standards

Flatirons, Inc., Boulder, CO   August 2018-December 2020
CAD Technician
- Managed and processed large spatial data
- Prepared design documents for clients

Movement Climbing + Fitness, Boulder, CO   December 2017-August 2018
